

Sir:

Is not the purpose of the FCC to protect the interests of the public? Why have we not heard more about this attempt to change the current ownership rules? No radio or TV has talked about these changes because it is in their interest and not ours (the American people). If they withhold information now what will happen if the stations are controlled by a select few? Is this the American Way?

I oppose a vote which will lead to more media consolidation and I urge you retain the current ownership rules. Thank you for your attention to this matter. I am also interested in the outcome after the vote. I can be reached at the e-mail address listed above.
